patient experience !

Comprehensive Interdisciplinary Implant Continuum

Course Directors

Rick Ferguson DMD, DABOI

Dr. Rick Ferguson lectures throughout the world on a variety of implant surgery and restorative topics. He is the Director of Implant Educators which runs a seven month program teaching general dentists and specialists how to become implantologists. Dr. Ferguson is a Diplomate of the ICOI, ABOI an Associate Fellow of the AAID, clinical assistant professor at the University of Florida and a visiting lecturer at the University of Miami. Dr. Ferguson has taught implant dentistry and hands-on bone grafting courses which have been attended by thousands of dentists over the last 18 years. He maintains a private practice with his wife, Dr. Katherine Ferguson.

Katherine Ferguson DMD, DABOI

Dr. Katherine Ferguson is a Diplomate of the ICOI, ABOI, Fellow AAID and a Fellow of the Academy of General Dentistry. She is a clinical assistant professor at The University of Florida and a visiting lecturer at the University of Miami. Dr. Ferguson served a tour of duty as a dentist in the U.S. Army at Ft. Benning Georgia and was a Co-Director for an implant training course in Dallas, TX. She is a Co-Founder and Co-Director of Implant Educators and maintains a private practice with her husband, Dr. Rick Ferguson.

Clinical Director - Dwight Pate DMD

Dr. Dwight Pate has been in private practice in Auburndale, Florida for 26 years with an emphasis on complex, restorative and implant dentistry. He is very interested in the application of technology to improve outcomes, especially in relation to implant dentistry. He is the founder of the study club in Polk County, Florida and has given numerous presentations on restorative and implant dentistry. He is a Diplomate of the ICOI, an adjunct professor at The University of Florida and Clinical Director of the Implant Educators Comprehensive Continuum.

Clinical Instructor - Reinol Gonzalez DMD

Dr. Reinol Gonzalez earned his BS in Biomedical Engineering from Tulane and his DMD from the University of Florida. He is at the leading edge of dental technology when it comes to implants, orthodontics, and restorative dentistry. He enjoys educating Dentists across the country in all of these advances in dental care. He maintains a private practice with his wife, Dr. Martha Iglesias.

Course Description and Expectations

Learn to predictably treat your patients using dental implants. You will be encouraged to bring cases for review and you will benefit from one-on-one treatment planning. Our instructors will guide you in your acquisition of the knowledge and confidence to treat your own cases from start to finish. You will learn to use CT guided surgical techniques, participate in hands-on model workshops and observe and place implants in live surgeries. Upon completion of this course you will understand why, when, and how patients can benefit from dental implant treatment.

Participants will be expected to demonstrate competency on all hands-on exercises and quizzes. Each participant will bring cases for treatment planning and review. Live surgeries will be observed or assisted at each session. Observation and assistance in live surgeries are required; dates will be announced at the first session. Attendees should also bring a laptop computer for CT guided software training.

**Hands-on Dental
Implant Labs**

Aldo Leopardi BDS, DDS, MS

Advanced implant prosthetics and management of prosthetic complications.

All on 5 Fixed Hybrid

Testimonials

"My accountant and I met this week in prep for tax season. Since I started with the Implant Educators group my office has morphed BIG TIME." THANK YOU!!!!

— Peter Drews DDS
Lewiston, ME.

"Thanks to taking your course, I have placed approximately 30-35 implants and I am enjoying the restorative options implants offer my patients."

— Dr. William J. Kinzler DDS, MAGD, FICOI
Seminole, FL

"Just wanted to say thank you for a great course. Yesterday I did an extraction and an immediate implant on tooth #8. This morning I did my first guided surgery case. It went perfectly! Tomorrow, I'm taking an impression for 5 implants on another patient. Just wanted to say thanks again."

— Josh Bernstein DDS
San Francisco, CA

"Dr. Ferguson and his team are always available to help when we need it. They have made it possible for me to incorporate implants into my practice in a big way...."

— L. Craig Alford DMD
Charleston, SC

"I wanted to thank you for the excellent course you provided for us. I do surgery daily and still brought home with me very important pearls to put into practice. The level of this course is what has kept me following IMPLANT EDUCATORS for years."

—Juan Savelli DMD,MSD.
Stuart, FL
